

## POTATOES

- Carbon-based fertilizer that feeds soil biology, enhances nutrient uptake and increases yield potential.
- Essential calcium nutrition: TerraNu is your solution for getting more calcium into your crop.
- User-friendly: easy-to-apply and blends well with other dry fertilizers.
- **TerraNu® Calcium** – soil health, calcium, sulfur, and boron in every granule.
  - Improves boron distribution for better calcium uptake and transport.
  - Provides multiple sources of calcium for a complete nutrition program.
  - Increases nutrient uptake and enhances crop performance.
  - Improves skin quality, shape, size and storability.
  - Proven to reduce internal and external defects.

Royalton, MN | 2018
